**Launch of Uganda Risk Assessment Study in Kampala!**

This Risk Assessment Study (RAS) is intended to help the stakeholders in Uganda develop a common understanding of the risk exposure of farmers and build a consensus on the priority areas for agricultural risk management in the future. The purpose of the study is to gather available quantitative information on agricultural risks in Uganda and their incidence on producers. The …

Launching Warehousing Study in Sub-Saharan Africa in collaboration with AFD and CTA

Source: IFAD In late 2013, the Agence Française de Développement (AFD), the Technical Centre for Agricultural and Rural Cooperation (CTA) and the International Fund for Agricultural Development (IFAD) issued a tender for a study to review the scope for warehouse receipt finance in Africa and help formulate policies and strategies for its expansion. The Platform for Agricultural Risk Management (PARM), funded by the European Commission, …
